

Sodium Bromide Solution

1. PRODUCT AND COMPANY IDENTIFICATION

TETRA Technologies, Inc. 25025 I-45 North The Woodlands, TX 77380	CHEMTREC (24-Hr Emergency Response):	U.S. Toll Free (800) 424-9300 International +1 703-527-3887
	Poison Control:	(800) 222-1222
	Non-emergency Customer Service:	(281) 367-1983
Synonyms:	Sodium Bromide, Liquid Sodium Bromide	
Chemical Family:	Inorganic Salt Solution	
MSDS Creation Date:	08 Oct 96	
MSDS Revision Date:	09 Apr 08	

2. HAZARDS IDENTIFICATION

NFPA Ratings: (Scale 0-4)	Health: 1 Fire: 0 Reactivity: 0
EMERGENCY OVERVIEW:	Odorless, clear liquid. May cause irritation to skin, eyes and respiratory system. Do not ingest. Avoid breathing vapors, contact with eyes, skin and clothing. Keep container tightly closed. Wash thoroughly after handling. Use only with adequate ventilation.
Potential Health Effects	
Skin Contact:	Single, short exposure not likely to cause significant skin irritation. However, direct contact with solution may cause irritation.
Eye Contact:	May cause irritation of eyes with redness and/or pain and superficial injury. Additional effects may include tearing and eye discharge.
Inhalation:	Vapor inhalation may cause irritation to mucous membranes and respiratory system. Additional effects may include coughing and shortness of breath.
Ingestion:	Ingestion may cause vomiting, digestive disorders, high blood pressure, headache, kidney damage, paralysis and coma.

3. COMPOSITION, INFORMATION ON INGREDIENTS

CAS Number	Wt. %	Ingredient Name
7647-15-6	1 - 48	Sodium Bromide

4. FIRST AID MEASURES

Skin Contact:	Remove contaminated clothing and shoes immediately. Wash affected area with soap or mild detergent, and large amounts of water. In cases of burns, cover lightly with sterile, dry dressing. Get medical attention immediately.
Eye Contact:	Immediately flush eyes thoroughly with large amounts of water for 15-20 minutes. Hold eyelids open during flushing. Get medical attention immediately.
Inhalation:	Remove from exposure area to fresh air. Obtain medical attention immediately.
Ingestion:	Do not attempt to give anything by mouth to an unconscious person. Get medical attention immediately.
Notes to Physician:	Treat symptomatically and supportively. Antidote should be administered by qualified medical personnel. No specific antidote for sodium bromide had been recommended. The following antidote has been recommended for bromide poisoning. However, the decision as to whether the severity of poisoning requires administration of any antidote and actual dose required should be made by qualified medical personnel. Bromide Poisoning: Give sodium chloride, 1 gram orally every hour in water or as salt tablets; for severe involvement, in which oral medication is impossible, give

Sodium Bromide Solution

normal saline, 1 liter every 8 hours intravenously to a maximum of 2 liters daily. Sodium chloride therapy must be continued until the blood bromine level drops below 50 mg/dL. Simultaneous administration of diuretics is also useful (Driesbach, Handbook of Poisoning, 12th Ed.).

5. FIRE FIGHTING MEASURES

Flash Point:	Not applicable
Extinguishing Media:	Dry chemical, CO ₂ , water spray or regular foam. Use extinguishing media appropriate for surrounding fire.
Fire Fighting:	Move container(s) from fire area if you can do so without risk. Extinguish fire using agent suitable for type of surrounding fire and/or chemicals. Avoid breathing vapors. Keep upwind. Dike area to prevent runoff and contamination of water sources.
Fire and Explosion Hazard:	Negligible fire hazard when exposed to heat or flame.
Products of Combustion:	May generate bromine gas in the presence of strong oxidizing agents.

6. ACCIDENTAL RELEASE MEASURES

Evacuation and Safety:	Wear appropriate protective gear for the situation. See personal protection information in Section 8.
Containment of Spill:	Do not touch spilled material. Stop leak if you can do so without risk. Keep unnecessary people away. Isolate hazard area and deny entry. Minimize air borne spreading of vapors. Prevent entry into waterways, sewers, basements or confined areas. For a soil spill, dig a holding area such as a pond or pit for containment. Dike flow of spilled material using soil, or sandbags, or concrete.
Cleanup and Disposal:	Use cement powder or fly ash to absorb liquid. Neutralize spilled material to pH 7 with a suitable agent. Place material in covered, clean, dry container for disposal.

7. HANDLING AND STORAGE

Handling:	Avoid skin and eye contact and breathing vapors. Wash thoroughly after handling. Launder contaminated clothing before reuse.
Storage:	Observe all federal, state, and local regulations when storing this product. Store in a covered, clean and dry container away from incompatible materials.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Engineering Controls:	Provide local exhaust ventilation system. Where there is possibility of exposure, eye wash fountain and safety shower should be provided within the immediate work area for emergency use.
-----------------------	--

Exposure Limits: None

Personal Protective Equipment (PPE)

Eyes:	Wear safety glasses with side shields or safety goggles/shields.
Hands and Feet:	Wear appropriate (impervious) chemical protective gloves and boots.
Body:	Wear appropriate protective (impervious) clothing.
Respiratory:	A respirator is not indicated under normal operating conditions. Use of a NIOSH approved respirator should be based upon the presence of nuisance dust. For Firefighting and Other Immediately Dangerous to Life or Health Conditions: Any self-contained breathing apparatus that has a full facepiece and is operated in a pressure-demand or other positive-pressure mode. Any supplied-air respirator that has a full facepiece and is operated in a pressure-demand or other positive-pressure mode in combination with an auxiliary self-contained

Sodium Bromide Solution

breathing apparatus (SCBA) operated in pressure-demand or other positive-pressure mode.

9. PHYSICAL AND CHEMICAL PROPERTIES

Description:	Clear liquid
Odor:	Odorless
Boiling Point:	Not Available
Melting Point:	Not Applicable
Specific Gravity (H ₂ O=1):	1.01 – 1.53 @ 68 °F (20 °C)
Water Solubility:	Completely
Solvent Solubility:	Moderately soluble in alcohol
pH:	5.5 – 8.5 @ 5% solution

10. STABILITY AND REACTIVITY

Stability and Reactivity:	Stable under normal temperatures and pressures. Reacts exothermically with water.
Incompatibilities:	Strong oxidizing agents.
Hazardous Decomposition:	May generate bromine gas in the presence of strong oxidizing agents.
Polymerization:	Does not occur under normal temperatures and pressures.
Conditions to Avoid:	Contact with incompatible materials.

11. TOXICOLOGICAL INFORMATION

Toxicity Data:	<p>Sodium Bromide: TD_{LO}: 3,150 mg/kg, oral, 6 weeks continuous, rat LD₅₀: 7,000 mg/kg, oral, mouse LD₅₀: 5,020 mg/kg, subcutaneous, mouse See Registry of Toxic Effects of Chemical Substances (RTECS) file for mutagenic and tumorigenic data.</p> <p>Local Effects – Eye, mucous membrane and skin irritant. Health Effects – Moderately toxic by ingestion. Acute/Chronic exposure may cause gastrointestinal, skin and nervous system irritation.</p>
Carcinogen Status:	OSHA – No NTP – No IARC – No

12. ECOLOGICAL INFORMATION

No data available

13. DISPOSAL INFORMATION

Observe all federal, state, and local regulations when disposing of this substance.

14. DEPARTMENT OF TRANSPORTATION (DOT) TRANSPORT INFORMATION

Shipping Name:	Not regulated
ID Number:	Not applicable
Hazard Class or Division:	Not applicable
Packing Group:	Not applicable
Labeling Requirements:	Not applicable
Packing Authorizations	

Sodium Bromide Solution

Exceptions:	Not applicable
Non-bulk Packing:	Not applicable
Bulk Packing:	Not applicable
Quantity Limitations	
Passenger Aircraft:	Not applicable
Cargo Aircraft Only:	Not applicable
Vessel Stowage Req.:	Not applicable
Emergency Guide Number:	Not applicable

15. REGULATORY INFORMATION

SARA Title III:	Section 311: Acute Hazard, Reactivity Hazard
TSCA Status:	Yes
CERCLA:	No
EINECS Status:	Yes
OSHA Process Safety:	No
California Proposition 65:	No ingredients found on the list

16. OTHER INFORMATION

Individuals handling this product should be informed of the recommended safety precautions and should have access to this information.

This information relates to the specific product designated and may not be valid for such product used in combination with any other materials or in any other processes. Such information is to the best of our knowledge and belief, accurate and reliable as of the date compiled. However, no representation, warranty or guarantee is made as to its accuracy, reliability, or completeness. It is the users' responsibility to satisfy themselves as to the suitability and completeness of such information for their own particular use. We do not accept liability for any loss or damage that may occur from the use of this information nor do we offer warranty against patent infringement.

TETRA Technologies, Inc. reserves the right to refuse shipment of this product to any consumer who fails to demonstrate the ability to consistently handle and use it safely and in compliance with all applicable laws, rules and regulations. Such demonstration may require on-site inspection of any or all storage, processing, packaging and other handling systems that come in contact with it.

Customers are responsible for compliance with local, state and federal regulations that may be pertinent in the storage, application and disposal of this product.
